PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

RECENT OPERATIONS

By Paul Rardin

Right there alongside this column is the proof that I've been on a vacation. Unlike most fishermen—who only talk about their catches—I decided to bring the proof home in order to convince a certain handful of folks that I really am a good fisherman. There they are, my friends, two handsome strings of them from the briny deep. For the uninitiated that big one is a grouper—as fine a delicacy as you've ever tasted. Elsewhere on the string will be found several red snapper and the remainder of the catch is made up of the familiar grunt variety. My only regret is that I didn't have two or three Pahokee fishermen along to pull 'em in and string 'em for me. I was whipped down completely after the ordeal of landing so many in such a short time. Maybe on next year's vacation I can take along some local fisherman to help me haul 'em in.

A new laundry and dry cleaning plant is scheduled to open in the building formerly occupied by the Pony Club south of Walter Hull's packing house in Pahokee. Belle Glade folks will open a modern and up-to-date laundry and dry cleaning plant there within a few weeks, so I am reliably informed.

FUNNY! A few days ago an employee of the phone company came into my office to fix the phone. It was out of service as is the case about one third of the time. Did he speak? He did not. He didn't even grunt.

Next Monday will be a big day at the county-wide barbecue at Boynton. Plan to be there. You'll enjoy the excellent barbecue and especially will you enjoy mixing and mingling with folks from other parts of the county. Plans are being made to feed more than 20,000 citizens from all parts of the county.

Porpoises Hold No Fear For Beauties

MARINELAND—Florida porpoises were frolicking with Florida mermaids at Marine Studios last week while movie cameras ground out an under water short story for television release.

Stars of this unusual film were six beautiful girls who make up the under water ballet at Weeki-wachee Springs near Brooksville, Florida, who journeyed to Marine Studios in order to swim in the same tank with porpoises, sharks and sea turtles.

Timid at first, the girls soon found that they had nothing to fear from the undersea monsters and it was thrilling to see the porpoises joining the girls in their ballet backrolls and other graceful maneuvers.

PROOF OF THE PUDDING.....

Canal Point Ready For Opening New '48-'49 School Term

The Canal Point school auditorium has received a new coat of paint, the entire building has been completely cleaned throughout and everything is in readiness for the registration of the pupils on Tuesday, Sept. 7, according to Mrs. Wilma Lence, principal.

Children who have been living continuously in the State since Aug. 24 or before will register in the morning at 8:30 o'clock. Those who have arrived in or returned to the State after Aug. 24, will register in the afternoon starting at 1:30 and parents will have to provide for the transportation of this group.

Children six years of age or who will be six on or before Dec. 31, 1948 are eligible to enroll in the first grade if parents provide a birth certificate as proof of age.

There is no change from last year in the Canal Point School faculty. Mrs. Lence, in addition to her work as principal, will teach the first grade. The other teachers are Mrs. Marvel Griffith, Mrs. Lucille deMoya, Mrs. Clara Maurer, Mrs. Vivian Mercer and Mrs. Sorchie Baird.

DRIVER'S LICENSES

Driver's licenses in the Pahokee-Canal Point area are on sale at the Pahokee city hall with Mrs. Marvin Cowart acting as issuing agent. Hours are from 9 to 12 and 1 to 5 through Friday and from 9 to noon on Saturday.

Mr. and Mrs. Joseph Kahn and children have returned from a two weeks' vacation spent at Miami Beach.

McCurdy Launches His Own Business

W. W. McCurdy of Pahokee has launched his own seed, fertilizer and insecticide business in the old canning plant building owned by W. A. Cross and located near the ice plant on the Pahokee-Canal Point road. Mr. McCurdy is open and ready for business.

Coming to Pahokee three years ago Mr. McCurdy became associated with the Stuckey Fertilizer Works where he rendered satisfactory service to that firm's many friends and customers. Before coming to Pahokee he worked for the Hector Supply Company for ten years. He is thoroughly familiar with the fertilizer and insecticide business and extends a cordial invitation to his many friends to pay him a visit at his new place of business.

Bond Issue Passes By Big Vote For A New Hospital

That the residents of Pahokee want a new hospital building to serve the Pahokee-Canal Point area there can be no doubt after the municipal election Tuesday in which 341 voted for the special \$160,000 bond issue for financing the construction of the new hospital and only 7 voted against.

The votes of only 274 freeholders, representing 50 per cent of the registered freeholders, plus one were necessary for validating the election.

An adequate site for the proposed new hospital has already been purchased by the city on Canal Point Road approximately one mile from the center of town.

Alley Talks To Pahokee Lions Club

Coach Clyde W. Alley, mentor of the Pahokee High School Blue Devil football squad, was guest speaker at the Tuesday luncheon meeting of the Lions Club. Introduced by President Manning I. Keen, Coach Alley said that preseason training of the Blue Devil squad started on Aug. 23 and although he is having to work with much green material he hopes to have a team ready for the opening of the Pahokee schedule.

He also said that season tickets good for five home games, the first to be played on Sept. 24, will go on sale this week and asked the club for their whole-hearted support of the team.

President Keen, congratulated chairman of standing committees for the excellent report submitted at the meeting.

Blue Devils Ready For Fall Grid Work; No Foot Ball Camp

The Pahokee Blue Devils football squad is the smallest this fall that it has been in many years, according to Head Coach Clyde Alley. The boys have been put through two weeks of conditioning and fall's program is under way.

Coach Alley has a new assistant this year. He is William Don Howard, a graduate of the University of Kentucky. He taught in West Virginia last year. He is a veteran of the recent war and was wounded in action.

George Tucker, Georgia Military Academy graduate who later attended the University of Georgia, will direct the junior high school football program this fall. The first practice for this group will be held on Sept. 7.

On Coach Alley's Blue Devil squad this year will be found the following returning varsity men: Ted Johnson, Lee Wroten, Raymond Caruthers, Buddy Sims, Hueston Connell, Julian Snyder, Joe Kent Carr, Donald Danson. Other boys who will play during the year are: Russell Sims, Stanley Hooks, Lenny Stuckey, Richard Tillis, Carney Wilder, Ronnie May, Jackie Thomas, Charles Dickson, Jr., Holmes, Ralph Chaney, Jacob Weeks, Trevette Weeks, Oils Weaver, Max Wilson, Clarence Padgett, Sonny Phillips, Bobby Peacock, Bernard Justice and David Ramey.

Ordinarily the squad is taken on a two-weeks foot ball camp for conditioning purposes and as a result of these camps a larger turnout of foot ball players has always been experienced. For some unknown reason the camp was not held this year and the turnout of players is unusually small. It is possible that more may make up their minds to come out for the team after school opens.

Coach Alley wasn't at all optimistic over the outlook for a winning team this fall with such a small amount of material. "We will make an honest effort to turn out a good team," the head coach said in his laconic comment on Blue Devil prospects.

Pahokee High Set For The Opening Of School Next Week

Students of the Pahokee High School Senior and Junior High Schools registered at the school on Thursday of this week and the elementary school children are scheduled to register on Tuesday, Sept. 7, with registration of those who have been residing in the State continuously for two weeks or more to start at 8:30 a. m. Children who have been out of the State since Aug. 24 will register in the afternoon.

Children six years of age or who will be six on or before Dec. 31, 1948 are eligible to enroll in the first grade, however, parents must show birth certificates as proof of age. Parents must also sign affidavits for the two-weeks residence in the State.

Classroom work for high school students will start on Sept. 7 and for elementary school pupils on Sept. 8.

Principal C. A. Canipe announces faculty appointments for Pahokee Schools as follows:

Elementary School: First Grade, Mrs. Sue Shirley and Mrs. Lois Mock; Second grade, Mrs. Myrtle Johnson and Miss Reba Henry; third grade, Mrs. Cleo Doughtit and Mrs. Lula Pope; fourth grade, Miss Elizabeth Caraway and Mrs. Florene Speer; fifth grade, Mrs. Sarah Thomas and Mrs. Charlott Walston; sixth grade, Mrs. Tommie Lee DuRose and Mrs. Estelle Chafe.

High School: Clyde W. Alley, athletic director, football coach and history; Richard L. Brooks, agriculture; Miss Ruth Dorsey, English; Mrs. Elsie Sims, English; Miss Jean Gough, Spanish and English; W. D. Howard, boys' physical education and assistant coach; Miss Esther Kaufman, English; Ned Kocher, mathematics; Robert O. Lampi, music director and bandmaster; Miss Beatrice McLendon, commercial studies; Miss Constance Smith, home economics; Mrs. Olen Strayhorn, mathematics and English; Miss Ann Graham, girls' physical education; Hubert Miller, sciences; Mrs. J. R. York, assistant principal.

Funeral Services For Dr. E. J. Thomas

Funeral services for Dr. Emory Jordan Thomas, 71, widely known resident of Canal Point, were held in the chapel of Ferguson's Funeral Home, West Palm Beach, on Wednesday afternoon of last week with members of BPOE Lodge 1352 officiating.

Dr. Thomas, a retired physician, died at a West Palm Beach hospital on Monday evening, Aug. 23, after a long illness. He came to Canal Point 15 years ago from New York City where he was a life-member of BPOE Lodge No. 1 of that city.

Survivors include two brothers, Charles Thomas and George Thomas, both of New York City.

Proposed Amendment Will Help Roads

In the November general election, the voters of Florida pass judgement on what has been called the "anti-diversion amendment" to the state constitution. This proposal, House Joint Resolution No. 1269 would require that "all excise taxes now or hereafter imposed upon gasoline or other like products of petroleum or upon all combustible gasses and liquids used in internal combustion engines for the generation of power to propel vehicles and aircraft, which are collected and retained shall be used exclusively for the lease, acquisition, construction, reconstruction, repair, operation and maintenance of roads, streets, bridges and rights of way therefor or for airports. . . Any taxes imposed upon aviation fuel shall be used exclusively for airports and access thereto.

The people of Florida, paying the high gasoline tax which they do, have often wondered about the state's inability to supply better roads. Few realize that despite the fact that the enormous sum of \$31,794,622 was collected in gasoline taxes in 1946, only a portion went to the construction and maintenance of state roads. Of the seven cents collected on each gallon of gasoline, two cents is distributed to the counties for road and bridge debt, four cents goes to the state road department, one-half cent to schools and one-half cent to the general revenue fund. On motor fuels other than gasoline, four cents goes to the state road license fund, two cents to the state road district fund and one cent to the general revenue fund.

The proposed constitutional amendment would eliminate the diversion of the motor fuel tax to other than road purposes thus assuring Florida motorists that the money they paid in the form of gasoline taxes would be used to provide roads all over the state. It would prevent the use of such funds for purposes other than those directly connected with road building and maintenance.

Experience has demonstrated that the state road system has, as a result of the diversion of tax funds fallen into disrepair. Funds for maintenance have been inadequate and drawing up a construction program has been exceedingly difficult due to insufficient funds. If the Florida voters approve the anti-diversion amendment in the November election, there is assurance that the motorist will be paying his gasoline tax in order that he may provide himself with better roads upon which to drive, a prospect which is decidedly cheering.—Miami Daily News.

guests of Mr. and Mrs. H. H. Robinson in Washington, D. C., and while in that city were shown through the capitol and other government buildings by the Hon. Dwight L. Rogers. They were also the guests of Dr. and Mrs. C. L. Waller at Mammoth Cave, Ky. Rev. and Mrs. J. M. Gresham returned this week from Birmingham, Ala., where they attended the annual assembly of the Church of God.

Mrs. L. V. McClelland of the Virgin Islands is the house guests of Mr. and Mrs. M. D. Geiger in Canal Point while convalescing from a major operation performed recently at St. Mary's Hospital, West Palm Beach. Mrs. McClelland, a former resident here, plans to rejoin her husband in the Virgin Islands as soon as she has regained her health.

Mr. and Mrs. L. J. Fraser and daughter, Yvonne, are home after spending a vacation at Fort Myers Beach.

Rev. and Mrs. T. C. Grisby of Piedmont, Mo., have returned to make their home in Pahokee. Rev. Grisby was formerly pastor of the Church of the Nazarene in Pahokee.

Mrs. Arch Blakey plans to open a kindergarten class at the Pahokee Elementary School around the middle of September. Parents interested in enrolling their children in this class are asked to make the necessary arrangements with Mrs. Blakey.

Miss Eva Mae Rutherford has returned to Orlando after a visit with her brother and sister-in-law, Rev. and Mrs. Robert Rutherford, in Pahokee.

Ronald Pearson has returned to Asheville, N. C., after spending a month's vacation with his mother, Mrs. P. M. Cate, Jr., and family, in Pahokee.

Willie Wright, who has served as colored orderly at the Everglades Memorial Hospital for several years, is the proud father of a son, Robert, born at the hospital on Aug. 31. The mother is employed as a cook in the hospital kitchen.

Mrs. Axel Jensen and Mr. and Mrs. J. P. Herring were called to Headland, Ala., last week by the illness and death of Mrs. Jensen's and Mr. Herring's mother, Mrs. W. H. Herring, 95. They were accompanied by Mrs. William Nowell of Headland who was visiting here at the time.

State Patrolman and Mrs. W. R. Kaufman and children are expected to return home this weekend from a two weeks' visit with relatives in Indiana.

Mrs. Lucy Batchelor has returned home after spending the summer with relatives in Georgia.

Mr. and Mrs. I. J. Frasure, Jr., have as a guest her sister, Miss Marjorie Metcalf, of Tampa.

Murphy - Sears

The engagement and approaching marriage of Miss Betty Ann Sears and Hilburn W. Murphy is being announced by the bride-elect's parents, Mr. and Mrs. H. L. Sears of Canal Point.

Miss Sears, a graduate of Pahokee High School, is now employed in the offices of the United States Sugar Corporation. She was recently crowned Queen Sugar II. Mr. Murphy, also a graduate of Pahokee High School, is now in business at Belle Glade. During the war he served for three years with the Army in the European Theater.

The wedding will take place at 6 p. m., Friday, Sept. 17, in the Canal Point Methodist Church. All friends of the couple are invited to attend.

Mrs. Roland Todd Has Birthday Party

Mrs. C. M. Todd and Mrs. T. S. Spooner entertained recently at Mrs. Todd's home with a surprise party honoring Mrs. Roland Todd on her birthday anniversary. Games were enjoyed and refreshments of ice cream and cake were served by the hostesses to 35 guests.

Looking 4 Yrs. Ahead —That's McCarty Men

Dan's For You—In '52." This is the slogan already manufactured four years ahead of time for the projected gubernatorial aspirations of Dan McCarty, Ft. Pierce, the next time Florida chooses a governor.

Disclosures to this effect were made this week by McCarty aides who said that he has bowed out of contention for the 1950 effort to unseat U. S. Senator Claude Pepper, probably will support Miami Congressman George Smathers for the Pepper post.

Junior Chamber of Commerce elements were said already alerted to try to elect McCarty governor four years hence. Many have said he never would have been a contender without the almost solid support of that group plus aid of the Caldwell "state machine."

Meanwhile, the Tampa Tribune editorially still was exhibiting evident resentment at McCarty's defeat by Jaxon Fuller Warren. Recently, the Tampa morning paper has printed a couple of editorials discussing Warren's alleged plans to make his January 1949 inauguration ceremonies at Tallahassee a "circus."

The paper proceeded on that editorial theme, it was asserted, from its weak assumption based upon a statement of Warren that he'd like to see each of Florida's 67 counties have a decorated float in the inaugural parade. From that, some editorial writer of the Tribune has drawn his own "circus" conclusions, with apparent intent to needle the victorious Warren.

Meanwhile, from Tallahassee came reports that friends of LeRoy Collins, Leon county's state senator, think he should be given a chance to run with the gubernatorial ball, four years away. He was one of the more staunch McCarty supporters.

WSOS MEETING SEPT 7th

The WSOS of the Canal Point Methodist Church will meet in regular session on Sept. 7th in the Sunday School building with Mrs. C. L. Stuart as hostess.

The B. F. Goodrich Rubber Company announced last week that work would begin this month on the construction of a new multi-million dollar plant to manufacture industrial rubber belting at Akron, Ohio.

Births

Mrs. Valarie Larrimore of Pahokee announces the birth of a son, William David at the Everglades Memorial Hospital on Aug. 26. Mrs. Larrimore is the widow of the late W. D. (Heck) Larrimore, Judge and Mrs. W. J. Larrimore are the very proud paternal grandparents.

Mr. and Mrs. James Cousart of Okeechobee announce the birth of a son, James Richard, at the Everglades Memorial Hospital on Aug. 29.

Mr. and Mrs. I. J. Frasure, Jr., of Pahokee announce the birth of a daughter, Bonnie Jeanne, at the Everglades Memorial Hospital on Aug. 30.

NOTICE OF APPLICATION FOR TAX DEED (Senate Bill No. 163)

NOTICE IS HEREBY GIVEN, That C. Y. Byrd, holder of Tax Certificate No. 8173, issued the 5th day of August, A. D. 1929, has filed same in my office and has made application for a tax deed to be issued thereon. Said certificate embraces the following described property in the County of Palm Beach, State of Florida, to-wit: "Lot 2, Block 2, 2d E. Court, Delray Fla., as in PB 12 P 54."

The assessment of the said property under the said certificate issued was in the name of Unknown.

Unless said certificate shall be redeemed according to law, the property described therein will be sold to the highest bidder at the court house door on the first Monday in the month of October, 1948, which is the 4th day of October, 1948.

Dated this 3rd day of September, 1948. J. ALEX ARNETTE, Clerk of Circuit Court of Palm Beach County, Florida.

Personal

Mr. and Mrs. Vance Denton and daughter, Ellen Josie, of College Station, Texas, arrived here Tuesday for a visit with her parents, Mr. and Mrs. O. D. Carpenter, and his parents, Mr. and Mrs. V. C. Dehton.

Mr. and Mrs. Claude Jones and son of Hialeah are guests this week of his brother-in-law and sister, Mr. and Mrs. Raymond Caruthers in Pahokee and his brother and sister-in-law, Mr. and Mrs. Vernon L. Jones, in Belle Glade.

Mr. and Mrs. Frank Friend have as their house guests her son, Will A. Nason; also her daughter, Miss Willode Nason, who has been attending summer school at the University of Colorado. Willode and her sister, Marian Nason, plan to enroll for the fall semester at the University of Mississippi on Sept. 18.

Mr. and Mrs. Audie Hooks, Jr., who have been living in the Christian residence since their recent marriage, moved this week into the Chastain apartment on Baco Point Road.

Mr. and Mrs. Anthony C. Libhart and children returned home this week after spending a month with her mother, Mrs. Julia Holly and her brother-in-law and sister, Mr. and Mrs. Roland Johnson, at Saybrook Manor, Conn. Enroute they also visited his brother and sister-in-law, Mr. and Mrs. Louis Libhart, and other relatives in Lancaster, Pa.

Mr. and Mrs. Elmer Jones had as guests over the weekend her brother and sister-in-law, Mr. and Mrs. Bishop Searcy, of Wauchula; also Mr. and Mrs. Ralph Newman of Winter Haven and Mr. and Mrs. C. M. Knight and daughters of Wauchula.

Mrs. Teresa Hawkins is spend-

ing several weeks in Opa Locka visiting her son and daughter-in-law, Mr. and Mrs. John Hawkins; also her sons, Paul and Bogey Hawkins.

Mr. and Mrs. Ellsworth Keen and family have returned from Sarasota where they spent two weeks while their small daughter, Effie Lou, received medical treatment.

Mr. and Mrs. Curtis Stapler of Sarasota, former residents here, have returned to Pahokee and are now making their home in the Hawkins apartment.

Mr. and Mrs. T. W. Jenkins had as guests the past week her son and daughter-in-law, Mr. and Mrs. L. H. Hicks and daughter, Patricia, of Pittsburgh, Pa.

Mr. and Mrs. George Johnson and family went to St. Augustine this week to enroll their small son in the School for the Blind in that city.

Mrs. Hazel Agner has as house guests this week her sister and brother-in-law, Mr. and Mrs. Harold E. Royer, and daughter of Frankfort, Ind.

Mrs. W. H. Jones entertained at her home on Canal Point Road recently with a spaghetti supper and party honoring her son, Billy, prior to his return to New Bern, N. C., where he lives with his grandmother, Mrs. W. H. Jones Sr. Guests were Janet Johns, Zella Jones, Martha Hall, Reta Abowd, Carol Snyder, Charles Sears, David Ramey, Chandler McIlwain and Sidney Caruthers.

Mr. and Mrs. M. D. Spooner spent the weekend in Brookers, Fla., where they attended a reunion of the Crosby family. While there, they were guests of Mrs. Spooner's uncle and aunt, Mr. and Mrs. H. B. Crosby.

Rev. and Mrs. C. A. Moberg and children have returned from a month's vacation spent with relatives and friends in Chicago, Ill., Long Island, N. Y., and Pennsylvania. Enroute home they were the

"SERVING THE GLADES"

PRELUDE TO ACCIDENT-

Injury - - - - Death!

Every violation of the center line of safety is a potential prelude to accident.

Crossing into the danger zone can occur at the approach to the top of a hill—on a curve—going into an underpass, or even on the straight highway. That's reckless, dangerous driving! Accident records show that about one half of all fatal traffic accidents result from bad driving habits such as these.

It's your responsibility to yourself, your family and to others who share the road to avoid these "Pass-Pockets" where lurk injury—and death.

Don't let impatient driving tag your conscience with being one of those who contributed to the maiming or death of the hundreds of thousands who will be auto accident victims this year.

You can be a safe driver if you will. It's up to you.

Mr. Pedestrian—

Fuller Warren Is Warmly Greeted By Florida Senators

FORT WALTON—A closer and more friendly relationship between Governor Nominee Fuller Warren and the membership of the upper house, was the outstanding accomplishment of the two-day caucus of Florida senators, which ended here Sunday.

Differences, if any, were discussed, and Florida has a better prospect for a harmonious 1943 session. The meeting was arranged by President Designate Newman C. Brackin, who invited Warren in the interests of harmony, with Bob Sikes, West Florida congressman, as joint host.

Warren, who remained through the entire period, went more than halfway in an effort to be friendly and get acquainted. At the start of the first primary campaign, Warren had less than a handful of supporters in the senate, many of the members being for their fellow senator, W. A. Shands, of Gainesville. Dan Mc-

Carty had most of them in the second.

Shands, who is influential, made part of the trip to the caucus out in northwest Florida with Warren. Shands' retiring president, S. C. Clarke, of Monticello, and other key senators were said to have given Warren assurance of their cooperation.

A petition for a special session of the legislature to revise the general election laws, which got under way Saturday, had 20 signatures when the meeting ended with prospects of four or five others signing. The petition is for a meeting of the 1947 senators, while the caucus was of the 38 in the 1949 group. Few of the retiring senators were at the caucus and 11 of those who were here, being new members, could not sign. Senator Henry S. Baynard, of St. Petersburg, is expected to take the petition to Tallahassee this week.

Governor Caldwell announced previously he would call the special session provided that at least 50 per cent of the legislators agree to attend and that debate be limited to only one bill.

At the opening of the caucus there was considerable talk about the choice of a senate president for the 1951 session, but no action was taken on this matter. The issue may not come to a head until sometime during the session.

New Consolidated School Is Delay-Boynton Project.

Construction of a new \$400,000 consolidated high school for Delray Beach, Boynton Beach and Boca Raton, along lines just approved by State authorities, will give Palm Beach County the first modern, streamlined secondary school institution in the State, it was learned Tuesday.

Howell L. Watkins, county school superintendent, confirmed reports that James E. Garland, State school architect, had approved tentative plans both for this high school and a \$150,000 elementary school for negroes at Belle Glade, both designed along lines made famous by Fern Creek Elementary School in Orlando.

Edgar S. Wortman, school architect, who recently accompanied the superintendent to Tallahassee to present the tentative plans to Garland, said work was now going forward on the permanent plans and specifications, and that they should be ready to go out to bids in six weeks or two months. Both buildings are slated for use for the term of 1949-50.

According to the architect, this type of architecture is exceptionally flexible and lends itself ideally to school designs when plenty of property is available. Both buildings will be one-story, with classrooms built in units, out from the main administration offices, with covered outside passageways replacing old-fashioned halls, and with north light and cross-ventilation available in all rooms.

The consolidated high school is expected to be planned at this time, according to officials, for the senior high school, though junior high school classrooms can be added later in units, if desired. The general plan calls for a north-south administration building with classroom units, science laboratories and home economics quarters to the east, the cafeteria, gymnasium and shops to be reached by covered passageways. Provision will be made for adding an auditorium on the southwest later.

The negro school, according to the architect, is expected to include eight classrooms, cafeteria and auditorium combination. Both schools are to be built from State Foundation Program funds, officials said.

Sites have been obtained by the school board for both buildings. The consolidated school is to be located on a 38 acre tract between Boynton Beach and Delray Beach. —Palm Beach Post.

CHURCH OF CHRIST SCIENTIST

"MAN" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, September 5.

The Golden Text is: "Who is a wise man and endued with knowledge among you? let him shew out of a good conversation his works with meekness of wisdom" (James 3:13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Ye are my witnesses, saith the Lord, and my servant whom I have chosen: This people have I formed for myself; they shall shew forth my praise" (Isaiah 43:10. (to 1st.). 21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God fashions all things, after His own likeness. Life is reflected in existence. Truth in truthfulness. God in goodness, which impart their own peace and permanence."

Man, made in His likeness, possesses and reflects God's dominion over all the earth. Man and woman as coexistent and eternal with God forever, reflect, in glorified quality, the infinite Father-Mother. God" (516:9-12, 19).

VISITS EDISON HOME

FORT MYERS—Visitors who toured the Thomas A. Edison Winter Home here recently included Mrs. Jack Barrett of Canal Point. The home where the great inventor lived and worked for nearly a half century was opened to the public for the first time this season, after it was presented to the city for shrine by the late Mrs. Edison. The estate includes a beautiful thirteen acre tropical garden bordering the Caloosahatchee River, and the laboratory where Edison conducted his golden-rod rubber experiments.

Walter Kautz is visiting his parents, Mr. and Mrs. John Kautz, Sr., in Canal Point before returning to Gainesville for the fall semester at the University of Florida.

Dies From Unusual Accident In Broward

FORT LAUDERDALE—Marvin Sweat, 30, was dead today of burns received in one of the most freakish accidents ever reported here. 'Sweat was applying lacquer to the floor of a house during a thunderstorm when lightning struck the house.

The electricity traveled to a gallon can of lacquer near Sweat, causing an explosion and showering him with flaming liquid.

Sweat died several hours later in a hospital.

Firemen said damage to the house, was slight.

Sylvia Jones, Barbara Vertommen and Charlotte Ann Cate plan to enroll at Rosarian Academy West Palm Beach, on Sept. 12.

Cinematic Chatter

By Malcolm Millar

When a company of film moguls got hold of the delightful comedy "A Foreign Affair" they went all out to make it one of the outstanding achievements of Hollywood for the year. And, I must say, they did a very fine job of it.

"A Foreign Affair," released three weeks ago, is to be screened at the Prince Theatre, Pahokee, Sunday-Monday, September, 5-6, with Jean Arthur, John Loder and Marlene Dietrich as the trio of stars of the piece.

"A Foreign Affair" can truly be said to be a comedy with a different angle. It is the story of the occupation zone in Germany, where Miss Arthur goes, as an investigator, to inquire into the morale of the American soldiers there. What she learns would fill a book and Brother, how she learns it!

Well that's the story, and I'll tell you this: If you miss this delightful comedy you will regret it, for it is one of The Best To Be Screened Here In A Long Time.

See you at the movies—Mal.

Voters Can Help Preserve Money To Build County Roads

TALLAHASSEE—Pointing out that "Florida is known all over the nation as being the worst offender in regard to imposing a heavy tax on motorists and then diverting funds so collected to uses other than the construction and maintenance of roads, bridges and highways," State Road Department Chairman Elgin Bayless urged county commissioners of Florida to acquaint voters of their respective districts with the importance of voting favorably on Amendment No. 1, House Joint Resolution 1269 which would amend Article IX of the State Constitution by adding thereto an additional section providing that all excise taxes upon gasoline or other motor fuel products collected and retained shall be used for public highway, street and airport

purposes.

Approval of this amendment by the voters in November will put a stop to the evil of gas tax diversion and prohibit the use of the gasoline tax for non-highway purposes.

Passage of this amendment will directly benefit the counties, enabling them to meet their debts, and surplus funds made available will be used in the counties for road work as directed by county commissioners.

The federal congress in the Hayden-Cartwright Act of 1934 stated: "Since it is unfair and unjust to tax motor vehicle transportation unless the proceeds of such taxation are applied to the construction, improvement or maintenance of highways, after June 30, 1935, federal aid for highway construction shall be extended only to those states that use at least the amounts now provided by law for such purposes in each state motor vehicle registrations fees, gasoline taxes and other

special taxes on motor vehicle owners and operators of all kinds for the construction, improvement and maintenance of highways and administrative expenses in connection therewith, including the retirement of bonds for the payment of which such revenues have been pledged, and for not other purposes."

Since the Act was passed Florida has adopted at least two measures which might, under a strict enforcement of the federal act, have made us subject to the penalty of withholding a portion of our federal aid.

It is important then that Florida put her house in order and stop diverting her gasoline tax to a point where it may result in loss of this needed federal aid.

If new highway construction is to be carried on and present roads properly maintained, it is imperative that gasoline tax money be protected, and to insure this it is imperative that Amendment No. 1 be ratified by the people.

He Has A Cure For Ailing Citrus Industry

JACKSONVILLE — A group of businessmen here were told last week that the state's citrus ills were going to be cured by the Florida Citrus Mutual under the 1922-enacted Capper-Volstead Act.

Merton L. Corey, of New York, expert in the far cooperative field and a member of the Farm Loan Board in Washington, said the lessening returns of Florida citrus men was to be rectified by united action of the 350 shippers and canners and 20,000 growers.

He said that under the Capper-Volstead Act, producers of agricultural products could market their product cooperatively, determine prices at which they would be sold and set up quality restrictions.

The annual convention of the Florida Press Association will be held at Mount Dora, November 26, 27, 28.

Encourage Breeders With Stake Race At Hialeah Park

MIAMI—Florida Thoroughbred breeders were lauded last week by Hialeah Secretary Sam H. McCormick in announcing that the track was doubling the purse of the Florida Breeders' State Race to \$10,000 for next winter. The Breeders' Stake is restricted to 2-year-old Thoroughbreds foaled in the state.

"Hialeah is gratified at the progress which has been made in the state in Thoroughbred breeding," McCormick said. "We are happy to cooperate with the breeders by putting on a stake race every winter for them."

McCormick explained that the young cracker racers had "made a fine showing in their first stake race last February."

"This fact plus the increased number of Florida yearlings in training for next winter's Breeders' Stake prompt our decision to make it a \$10,000 race," the Hialeah secretary-treasurer elaborated.

The increase puts the event on an equal purse basis with the famed Hialeah Juvenile Stakes, which annually attracts the nation's fastest juveniles.

Mrs. Tillyou Christopher's Ramblin won the first stake race ever run for Florida-breds on last February 6 at Hialeah. Hunter Lyon's Frances Cracker was second, and Suffazon, owned by C. A. O'Neil, Jr., finished third. Mrs. A. B. Christopher's Bundrab, Mrs. F. C. Peters' Uncle Edgar, Golden Shoe Farm's Baffle and R. Robertson's Florida Amigo were others in the field of six starters down the three-furlough nursery straightaway.

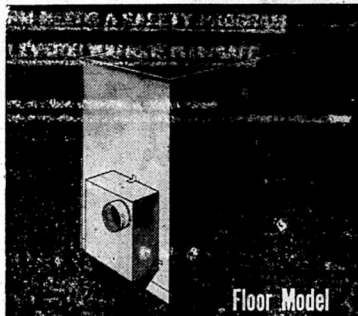

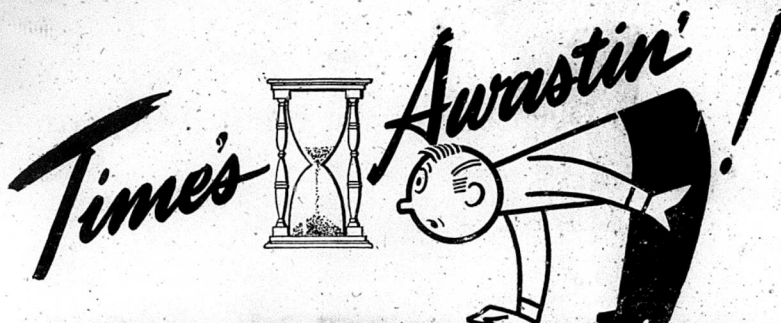

INVITED TO FLORIDA

TAMPA — Marvin Holloway, manager, of the Tampa Motor Club, returning last week from the executive committee meeting of the Southeastern AAA Managers, advised that the group voted to hold their next convention in Florida.

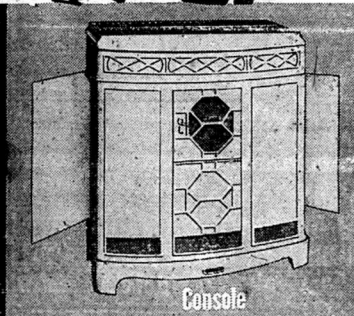

Holloway said no city has been definitely selected and the matter of location will be decided later.

The convention will bring American Automobile Association Club officials from the states of Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Tennessee, Kentucky, Southern Ohio and Washington, D. C. to this state.

Effective late this summer, Eastern Air Lines will offer a 25 percent cargo rate reduction in shipments of gift fruit packages from Florida to northern cities, it was announced by Captain Eddie B. B. B.

Chilly weather will soon be here. Are you all set for it? Are you facing a winter of the shivers, sniffles, "huddles" and even illness that accompany makeshift, inadequate heating methods? Or are you relaxed and ready with effortless, clean, fumeless fuel oil heating — the method proved best and most economical for Florida homes?

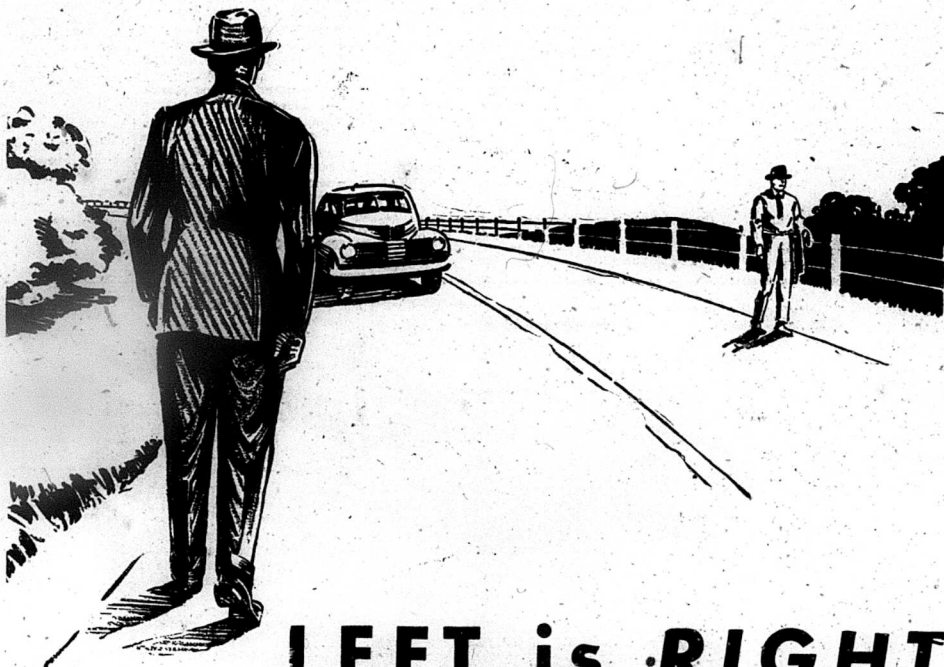

There's still time to install the oil heating system that fits your house and purse. Why not do something about it now!

MODERN OIL HOUSE HEATING

CALL OUR OFFICE OR SEE YOUR DEALER NOW!

FLORIDA POWER & LIGHT COMPANY

A SUGGESTION: Fill your oil tanks now for next winter's fuel supply.

LEFT is RIGHT ON THE HIGHWAY

That's right! When you must walk on the highways in rural or suburban areas, always walk on the left side of the road—facing traffic.

There is plenty of reason for this. Last year for every person killed facing traffic three were killed walking with traffic. 24 Floridians lost their lives and 33 were injured walking the wrong way instead of facing oncoming cars. For every daytime fatality there were 4 deaths during the dusk and dark hours. Six more people lost their lives merely standing in the road.

Never assume you are safe when walking on the highways—many times you are hard to see. Then, too, the despicable hit and run driver is still at large—his numbers and his victims increasing. In the first six months of 1946, 78 hit-and-run accidents were recorded in Florida and 16 were killed by these car cowards.

So remember for your own sake—on highways, walk to the left facing traffic—be alert to danger—be alive tomorrow.

Mr. Motorist—

Rardin Successful In Securing Fund For Flood Survey

County Commissioner Paul Rardin of Canal Point has maneuvered his motion for a \$15,000 appropriation for a flood control survey through the county commission. The board approved the sum, which is part of \$120,000 to be shared by Palm Beach, Broward and Dade counties, the Internal Improvement board, Everglades drainage district and the state.

Through the Internal Improvement board the state will appropriate \$60,000, with each of the other four taxing units to provide \$15,000 each toward the survey.

Rardin explained that the fund would be used wholly in the three counties and would apply almost directly to setting up the conservation areas which have been overwhelmingly approved by voters in each of these counties.

Following the unanimous vote by the commission Rardin commented as follows: "I believe in years to come when the flood control program is carried to successful conclusion, that the county commission will look back on this \$15,000 appropriation as one of the most important actions ever taken by a Palm Beach county board of commissioners. I'm grateful to the other members for their splendid cooperation."

Plans Complete To Feed A Multitude At County Bar-B-Q

Everything is set for the Labor Day Barbecue at Boynton Beach. Ironing out the final details will occupy all the committees for the remainder of the week and right up through Labor Day for the gigantic All-County Free Barbecue at Boynton Beach.

Sheriff John F. Kirk, chairman of the finance committee, reported \$5,238.50 pair in with pledges amounting to \$1,025.00 for a total of \$6,263.50 to cover expenses. "I am grateful at the response of the smaller communities of the county that have met or exceeded their quotas, and I am sure West Palm Beach will attain its quota," Kirk declared.

In addition to the several tons of meat and thousands of gallons of lemonade that will be dispensed to feed the expected crowd of more than 20,000, Roy Gies, entertainment chairman said there is going to be entertainment of every kind. . . . quarter horse racing, a hill billy band, Pork Chop's highly popular colored street band, and an hour-long, ten-act vaudeville show, directed by Frank L. Mark, formerly on the CBS musical staff in Chicago.

The show will follow the speeches of Governor Caldwell, Senators Pepper and Holland, and George Gooch, nationally known labor official and speaker.

Mark listed the acts as follows. The Smith Sisters, of Lake Worth, will do an act emulating the Andrews Sisters. Carmen Montoya, West Palm Beach, will appear as a gypsy violinist.

Katy Coffee, New York, will play the accordion and do some tap numbers.

Billed as a "Young Houdini," Clyde Bull, Lake Worth, will put on a magic show. Dorothy Moorhead, Lake Worth, will do a baton twirling act.

Tillie Green, West Palm Beach, comedienne, is billed to impersonate prominent screen characters. Mary Hammers, West Palm Beach, will present several modern vocals.

Betty Jane Donnelly, Lake Worth, is set for xylophone interpolations and Betty and Mac, Lake Worth, will do an adagio act.

Miss Janet Johns of Belle Glade is spending two weeks in Pahokee the guests of Mr. and Mrs. Albert Snyder.

Men Sign Up For Work With Army

The registration of men from 18 to 25 years inclusive subject to the new selective service draft law got under way in the Pahokee-Canal Point area on Monday with the signing up of those in the 25-year age group.

At E. Elliott's garage in Pahokee, where the American Legion Auxiliary Post 90 is in charge of the registration of white draftees 10 men in the 25-year age group were signed up on Monday and 17, on Tuesday.

In Canal Point white draftees are being registered at the Legion Home with the American Legion Auxiliary, Post 242, furnishing the volunteer workers.

Headquarters for the registering of negroes in the Pahokee-Canal Point area is in the negro Masonic Hall in Pahokee colored town with James Caldwell in charge of the registration work.

The registration of draftees will continue for three weeks with age groups graduating downward until the 18 year old boys are reached and all men from 18 to 25 have ample opportunity to sign up.

County Equipment Glades Area Gets Overhaul & Paint

County road building equipment in Commissioner's District No. 5 has received a thorough overhauling during the past few weeks, it was announced this week by Commissioner Paul Rardin. All of the equipment was completely overhauled and each piece received a new paint job.

The dragline and bull dozer were the first in line for overhaul and a new paint job. Following close on the heels of this completed job came cleaning and overhauling of all nine trucks and a jeep.

Mechanical work on the trucks, was done in Glades garages and painting was done by county workmen. The overhaul job on the dragline and bull dozer was done by the operators under supervision of Road Superintendent J. K. Baker.

After a few odds and ends are caught up in the Belle Glade-South Bay area and a road job is completed in Lake Harbor, all of the equipment will be moved to the Pahokee rock pit. Several roads are on the schedule for construction in the Pahokee-Canal Point section during the next few months.

Charlotte Ann Cate Has Birthday Party

Mrs. P. M. Cate, Jr., entertained at her home Tuesday evening with a party honoring her daughter, Charlotte Ann, on her twelfth birthday anniversary.

A pink and white color scheme was used by the hostess in party decorations. She was assisted in the entertaining by Mrs. I. G. Thompson and Miss Delorez Williams. Contest prizes were won by Donna Gail Jensen and Jimmy Rozelle. Refreshments of cake, punch and potato chips were served. There were approximately 35 invited guests.

Prince - Newman

J. M. Prince of Pahokee announces the engagement of his daughter, Miss Ruth Prince, to Bob Newman, son of Mr. and Mrs. J. H. Newman of Lake Harbor. The wedding is scheduled for Nov. 20. Miss Prince is a graduate of DeSoto high school at Arcadia. Mr. Newman is a graduate of Belle Glade high school and was in the army in the South Pacific for more than a year. The wedding will be solemnized by the pastor at the Community Church in Clewiston.

New Group Named To Handle Business Athletic Council

A new athletic council has been set up to handle finances and other business of the Pahokee Blue Devils this season. The organization meeting was held Monday night with Tom Kirk, representing the Pahokee Rotary club, being named president of the group.

Emmett Holt of the Lions Club will be chairman of the ticket selling at gate entrances. J. W. Mullis of the Elks club was named chairman of the advertising committee. David Blech from the American Legion will act as chairman of parking and crowd assistance chairman. The Principal of the high school, Mr. Canipe and Head Coach Alley make up the remainder of the council. School Board Member Salvatore is an honorary member of the council.

The council set meeting dates for the last Monday of each month. Arrangements were made for sale of season tickets which went on sale yesterday. Season tickets good for five home games are on sale for \$5 with tax included. These tickets are numbered and entitle the holder to a certain seat on the 50 yard line during the five specified games.

Schedule for 1948-49			
Sept. 24	St. Theresa	Here	
Oct. 1	Gesu	Miami	
Oct. 8	Lake Worth	Here	
Oct. 15	Delray Beach	There	
Oct. 22	South Broward	Here	
Oct. 29	Ft. Pierce	There	
Nov. 5	Ponce de Leon	Here	
Nov. 12	Open		
Nov. 19	St. Marys	Here	
Nov. 24	Belle Glade	Here	

Motorists Told Of Rules Governing All School Buses

Law enforcement officers in the Pahokee-Canal Point area suggest that motorists be reminded that school starts next week and that passing school buses while they are loading or unloading children is against the law.

During last school term only a handful of motorists broke the ironclad ruling in regard to passing stopped school buses. This handful appeared before the criminal court judge in West Palm Beach and each was relieved of a fine amounting to several dollars.

The ruling will be strenuously enforced again this season and officers of the law are anxious that all motorists cooperate in this matter in order that arrests will not be necessary. School zones are properly marked and the same officers ask that car drivers "take it easy" through all school zones.

Cooperating in the effort to protect the youngsters from thoughtless and reckless drivers are the following officers in this immediate section: Deputy Sheriff Frank O'Connell, Highway Patrolman W. R. Kaufman, Pahokee Police Chief Altman Morgan and his entire force, Constable Francis Cross.

Each of the above named law enforcement officers has had years of experience in his work. They are kind and courteous, but when it comes to protecting the youngsters who are attending school, every one of them can become "hardboiled" when necessary.

Robert Morris Day Observed Monday

Robert Morris Day was observed jointly by Pahokee Chapter 184 and Belle Glade Chapter, 197, Order of Easter Star, at a Robert Morris Day party and covered dish supper held in the Masonic Hall in Pahokee Monday evening.

Mrs. Jessie Barnes was general chairman in charge of arrangements. Mrs. H. C. Graham, entertainment chairman, led in the playing of games. Approximately 35 persons were present.

Mrs. Graham Heads Social Sorority

Mrs. Emil J. Graham was elected president of the Beta Omicron Chapter of the Beta Sigma Phi Social Sorority at a recent meeting held at the home of Mrs. O. R. Blech with Mrs. Earl Maxson assisting Mrs. Blech as co-hostess.

Other officers chosen to serve for one year were Mrs. Bing Doering, vice president; Mrs. Thurmond W. Knight, corresponding secretary; Mrs. Melvin D. Spooner, recording secretary, and Mrs. Dave W. Cunningham, treasurer.

Mrs. David Blech presented a program on "Introductions" and Mrs. J. P. Parker, on "Invitations." A report on the sorority scrap book initiation pictures was given by Mrs. John A. Dulany. Pledge training was conducted by Mrs. Manning I. Keen.

The newly organized Beta Omicron Chapter meets regularly on the first and third Thursday evenings of each month at homes of various members.

Officers Chosen By Glades Cattle Group On Monday

Cattlemen of the Everglades met Monday night at Belle Glade and formed the Glades Livestock Market Association and elected officers. Thirty five charter members joined the organization and the director pointed out that the charter membership will be kept open through the month of September.

E. M. (Little Doc) VanLandingham was chosen president and Thurmond W. Knight was named vice president. John Tabit is the secretary and treasurer. Making up the remainder of the board of directors are the following: Roy Vandegrift, W. F. Hull, John L. Evans, and Roscoe Braddock. Glades Livestock Market Association is the official name set up in the charter which has been prepared by Attorney Thadd Whidden of Pahokee.

While the initiative in sponsoring this organization has been taken by the Palm Beach County Cattlemen's Association President John L. Evans, says, "We are hoping that not only will cattlemen of our own county join this cooperative, but those of all other counties of southeast Florida."

The cattle industry of the Glades has grown so fast during the past three years that no accurate census of cattle and prepared pasture is available. However, informed cattlemen and H. L. Speer, Assistant County Agent, estimate that there are approximately 15,000 acres of improved pasture in the muck lands.

It is proven that three beef animals per acre per year can be fattened. This indicates the need for current use at 45,000 feeders and consequently the same amount of fat cattle to be sold. Acreage is fast being fenced and planted to grass, leading pens, chutes, etc. in the trend to cattle.

Kathy Wilson Has A Birthday Party

Mrs. Jimmie Wilson entertained at her home recently with a party honoring her daughter, Kathleen, who was celebrating her sixth birthday anniversary.

The hostess used rainbow colors in party decorations and presented horns and bubble gum to the guests as favors. She was assisted in the entertaining by Mrs. Leon Spooner, Mrs. Calvin Spooner and Mrs. Owen Todd. Jill McIlwain and David Simonson were awarded contest prizes. Outstanding among the beautiful gifts received by Kathy was a streamlined bicycle presented to her by her uncle and aunt, Mr. and Mrs. Leon Spooner. Refreshments of ice cream and cake were served to approximately 40 guests.

Clothes Needed By Many Youngsters For School Wear

Mrs. Mildred Schoepel, county welfare worker in the Glades area, has sent out a call for old clothes which may be given to underprivileged children who need them in order to attend school. Mrs. Schoepel said yesterday that she already has gathered up a great deal of clothing but more is needed.

Those having clothes suitable for such purposes are urged to get in touch with the county welfare worker at her Pahokee home phone, No. 4092. Mrs. Schoepel will gather these clothes and distribute them to the needy youngsters who will be made a lot happier if they have something suitable to wear to school.

Employment has been at a new low in the Everglades this summer and low-income families have been hard-pressed to make a living. With the start of the vegetable season their incomes will be increased and it will be a bit easier for them to make ends meet. But, until the vegetables start rolling north and picking and packing wages are turned loose, things are going to remain tight for this group of persons.

Look in the closet. You'll find pounds and pounds of clothes that will be suitable for the purpose which Mrs. Schoepel has mentioned. Step to the phone and call Pahokee 4092. Mrs. Schoepel will call for the clothes and you will feel a lot better for having made life a little more pleasant for some of those more unfortunate than you.

Judge Tosses Out EDD Case Monday

WEST PALM BEACH—A suit filed by Lykes Bros. and others, seeking to keep the Everglades Drainage District from establishing Dade, Broward and Palm Beach water conservation areas was dismissed in Circuit court here Monday by Judge C. E. Chillingworth.

The dismissal of the suit was on an amended bill of complaint filed Aug. 10, which, Judge Chillingworth ruled, was not materially different from the original bill, which was dismissed July 29, when an amended complaint was allowed to be filed.

In addition to seeking to halt establishment of conservation areas, the suit attempted to block transferring of the Palm Beach county area to the federal government for a wildlife as well as preserve.

Lykes Bros. were joined by the Collier Corp. and by Ernest R. Graham in the court action. Joining the EDD as intervenors were Palm Beach county, Dade county, the Napoleon B. Broward Drainage Dist., and commissioners of Broward county.

At Monday's hearing the EDD was represented by Attorneys Manley P. Caldwell and M. F. Pacetti; Lykes Bros. by State Senator James Franklin of Ft. Myers; Dade county by Garland McNut of Miami, and Broward county by Maxwell Baxter of Ft. Lauderdale.

In dismissing the original bill of complaint on July 29, Judge Chillingworth upheld constitutionality of acts of the last legislature providing for creation of three conservation districts, and deeding the EDD lands to the government.

The plaintiffs contended the EDD had not the right to transfer such large areas to the government without pay, and that removal of such large areas from EDD tax rolls would tend to increase their own taxes.

Mr. and Mrs. Art Bounds of West Palm Beach were guests of Mr. and Mrs. Dan Carpenter Tuesday.
